Good and Harmonious Riding 2017

FEIF congratulates the 119 riders who have been nominated for Good and Harmonious Riding in the 2017 competition season. Thank you to all riders listed for being such excellent examples of the type of riding we hope to see in our sport!

Martin Rønnestad (NO) who was also nominated in the past four years already received a total of 10 nominations at five different events during the 2017 season to top the list as most-nominated for both events and total nominations.

FEIF International Sport Judges at WorldRanking events can nominate riders to be included in the list because of their fine riding style. This is independent of the test or the marks given.
