Committee Reports

Education– Arnold Faber, is still working on the translation of the coaching course. Has had a busy summer with show and evaluations and will get back to it ASAP and finish it. Will work with Danielle Fulsher as she has also shown an interest in helping with this.

Youth –Nathaly Jones has been working on a program booklet to help novice riders go from the very basics in horse care to owning their own horse. She has run several horse camps this summer with the Abbotsford parks board that have been very successful. Danielle Fulsher will also assist Nathaly Jones with the youth.

Sponsorship – Ari De Lindt absent at this meeting but will give report at next meeting.

Membership and Breed Promotion –?

Sports – Nathaly Jones talked about upcoming Clinic with Bergrun Ingolfssdottir at her place in Abbotsford and a mini show. This will be on Oct 16th and 17th

Multi-media – Arie De lint absent

Breeding – Arnold Faber, tells us that now there is a test that can determine if a horse is 4 or 5 gaited. This is a big breakthrough for breeding to ensure better gaits in future generations. Nathaly Jones asked that we talk to Canadian Livestock Records about updating their registration forms. There are a few glitches in them. Sharon Dinter will also be helping Arnold Faber with the compilation of the translations. World Championships – report attached from Victoria Stoncius. Maria Badyk also shared with us her experiences at the World Championships and how her mare did.
